IRES Technology launches affordable high resolution

IRES Technology is excited to announce the launch of its new high resolution camera product line, now available for direct purchase on the Company's web site at www.irestechnology.com. Direct purchasing from IRES enables Installers and System Integrators to save on pro-grade video surveillance products without compromise on quality. All IRES Cameras utilize the latest technology and incorporate the most advanced features to deliver a crystal clear high-resolution picture every time - even when converted to digital formats such as LCD monitors and DVRs.

IRES Technology is a developer and manufacturer of high resolution video surveillance solutions including Analog cameras, DVRs, IP Cameras and IP Servers. All products are available for direct purchase via the Company's convenient web site.
