IRB1022

IR BULLET CAMERA

Image Sensor	1/4" Sharp CCD
Resolution	420 Lines
Lens	6.0 mm @ F2.0
Effective Pixels	510(H) x 492(V)
Min. Illumination	0 LUX (LED on) / 1.0 LUX (LED off)
Field of View	60° ± 5°
Electric Shutter	1/60s - 1/10,000s
Operating Temperature	-10°C ~ 45°C (14°F ~ 113°F)
LED Quantity	12 pcs (@ 5mm)
IR Range	30 ft / 10 m (optimal conditions)
IP Rating	IP67
Power Requirement	12V dc
Current Consumption	200 mA

DOME CAMERA

Image Sensor	1/4" Sharp CCD
Resolution	420 Lines
Lens	6.0 mm @ F2.0
Effective Pixels	510(H) x 492(V)
Min. Illumination	1.0 LUX
Field of View	65°
Electric Shutter	1/60s - 1/10,000s
Operating Temperature	-10°C ~ 45°C (14°F ~ 113°F)
Power Requirement	12V dc
Current Consumption	100 mA

GENERAL

UPC Code	6-28057-01022-5
Package Weight	4 lb
Package Dimensions	11" x 8" x 4.5"
System Includes	2 Indoor/Outdoor IR Color Cameras 2 Indoor Color Dome Cameras

IRB1022

Hi-Res Color Camera Value Pack: 2 IR Cameras & 2 Dome Cameras

DVR & LCD Ready

Advanced CCD chipset image sensor technology provides a brilliantly crisp picture in digital formats

Day / Night Vision - IR Cameras

Picture automatically turns to B/W under low light conditions for illuminated viewing up to 30 ft powered by 12 high intensity LED's

Rotate / Tilt - Dome Cameras

Rotate 360° and/or Tilt 90° for optimal viewing angle selection. Polycarbonate housing with locking screws protects against potential tampering

Multiple Camera Convenience

Value Packs offer bundled camera solutions to meet the needs of your application

Power Splitter Option

To consolidate power wiring and number of power supplies, use 4-way / 8-way Power Splitter solutions combined with a 2A / 5A power supply (offered separately)

Easy to Install

BNC termination - can be connected to a DVR, TV, VCR, LCD or Computer with RCA input.

Mounting kits included, power supplies and extension cables sold separately
